Mice are making sad havoc with

and cows, and daily making thirty-five to forty cheeses of fifty pounds

PIE PLANT PIE.—Peel and cut up the stalks tolerably fine and spread in the pie. Then dust over it a single haudful of flour. Over the flour strew a small teacup of sugar and put on the top crust. Be careful to press the edges of the crust well together, and press back the dough in the middle of the pie, so as to leave a small valley for the juice to boil up into instead of bursting out at the sides and wasting the best part of it. As the sugar dissolves the juice, add flour gar dissolves the juice, add flour to thicken it. The same directions apply to cherry and all other juicy there's no yes in it." Here is a fruit pies.—A Pie Maker.

A Farmer's Experience.

That success in farming is in ex-

That to keep a place for everything, and everything in its place, saves many a step, and is pretty sure to lead to good tools, and to keeping them in order.

good shelter, is a saving of fodder.

That in making your home agree-able, you keep your boys out of the quantity of the liquid from wafer-That it is a good thing to keep

an eye out on experiments, and note all both good and bad. That it is a good thing to grow into farming-not jump into it. That it is a good rule to sell your grain when it is ready.

-Prairie Farmer.

Mrs. Martin, of Medina county,
Ohio, writes to Moore's Rural as
follows concerning "Tomato Culture:"

But on his post, with his gun taken
entirely to pieces.
Colonel—Don't you know that a
sentinel while he is on duty should
always keep on his feet?
Sentinel [without looking up]—

Our plan of getting early tomatoes is to plant the seeds in the house the middle of February.—
When second leaves have made little growth, transplant in other the man was on duty)—Are you boxes; if they get too thick, transplant again. Set in the garden the first week in May, if the weather is warm; cover frosty nights, (we use sap buckets for that purpose:) set three feet apart each way; drive a stake six feet high, close to each plant; when a foot high, take a ball of twine, such as used for tying wool, pass around the vine close under a leaf, and tie to the stake.—
When the first blossoms appear,

when the first blossoms appear, pinch out every branch that has started below, and as they grow in height, keep tying until they reach the top of the stake, then pinch off the top of the vine. We keep the side branches pinched off as fast as they appear, leaving only the main stalk, which will be a perfect mass of fruit from the ground to the top of the stake. Last summer we "the boy" along to sell and wanted of the stake. Last summer we "the boy" along to sell and wanted of the stake. of the stake. Last summer we "the boy" along to sell and wanted picked our first ripe tomatoes the to get about a thousand dollars for A very LARGE and CHEAP its great value in the relief of the above mentioned diseases.

That kindness to stock, like good shelter, is a saving of fodder.

That to fight weeds is to favor rain, and to do justice to your grain, and to do justice to your dogs, is used in the manufacture, neighbors. quantity of the liquid from waterclosets is put in to whiten the gum."
When this fact is known, girls baye a perfect right to chew gum if they want to.

A Sort of a Soldler. The colonel of an Alabama regiyour grain when it is ready.

That the first mellow soil in the spring is your mellowest, and Once, while field officer of the day should be first put in.

That all of farming is summed came upon a sentinel from the 11th up in the manure heap on the farm. Mississippi regiment, lying down flat on his post, with his gun taken

10th of August, which was three weeks carifer than our neighbors. They followed the old plan, letting them run over the ground.

They followed the ground.

When told that such was the case thought that his informants were Athens for the Best Quatify.— playing a joke on him, and for Bring a good thing to market, and awhile refused to believe it. His you will be crowded with custom-plantation was in the interior, his

things.

Look at the grapes of the best varieties fully grown and ripened, and see what an advance they will shall be that not have clapsed since Sumpter's gun, he had not heard from the outer world, knew nothing of the changes and came the state of the changes of the change of bring. There is no glut with such into Jacksonville in this year of grapes. You cannot raise enough, our Lord, 1870, in good faith to that's the difficulty. And so it is sell a slave. Other negroes speedly informed their fellow that he was a free man, and at last the massing article and your glasses.

you are king of the board. It is then that the price is advanced, and you get the benefit.

And it is a pleasure to sell a good thing, whether fruit, beef, grain, butter, cheese, whatever it may be. You not only go to market with confidence, but you have it on hand with the same assured feeling. You feel safe. You are safe. You have the article.

Is all this nothing? Then sell and it will be something. It will line your pockets, and get you a reputation: We have known things to be sold on reputation alone.

Is considered in the board. It is to see; but cock it and point it at your wife or one of the children and point it at you have none of your own—and pull the trigger. If the thing is of any account and you are not an execrable marksman, ten chances to one you will kill somebody and as it would be entirely accidental everybody would sympathize with you very much. If there are no children about, a man will do to point it at, and as he may not be killed outright you can ease his mind before he dies by telling him that you had no lites the gun was loaded. If there is no one about, the best course is to set the stock to see; but cock it and point it at you have none of your own—and pull the trigger. If the thing is of any account and you are not an execrable marksman, ten chances to one you will kill somebody and as it would be entirely accidental everybody would sympathize with you very much. If there are no thing him that you had no lites the gun was loaded. If there is no one about, the best course is to set the stock you are king of the board. It is to see; but cock it and point it at loaded. If there is no one about, the best course is to set the stock on the floor, spring the hammer back with your foot, put the muzzle in your mouth, and then letting the hammer slip, you will be sure from From our best producers, our most intelligent, our most honored men. They see how it is, and do accordingly.

It is an inferior article that gluts the market; a good one never.

It is safe then to aim at No. 1; it is profitable, it is reputable.—

WAYNE'S DIURETIC ELIXIR OF

Bucha, Juniper and Acetate of Potash A new and valuable preparation for

the relief and cure of Gravel, Irri-tation of the Bladder and Ure-thra, Dropsical, Rheumatic and Gouty affections, Pains in the back and loins, &c., &c.
To those suffering from diseases of the Kidneys and Bladder, and the consequent train of distressing aliments, this remedy is confidently recommended as It cannot be exploded by any thing short of

mentioned diseases.

In confirmation of the above we present the following certificate of an old and well-known citizen of Lancaster:

LANCASTER, OH10, December 20, 1889. MESSES. F. E. SUINE & Co. Cincinnati, O. MESSIE. F. E. SUIRE & Co. Cincinnati, O. GENTLEHEN:—I am induced to give my testimony in favor of the Medicine you prepare called Wayners Elixir of Buchu, Juniper and Acetate of Potash from the great benefit I have derived from its use. For many years I have been suffering from an affection of the Kidneys and tried Various, remedies with at times some benefit from their use, but I had never received a perfect relief until I had used your medicing, which was recommended to me by Messrs. Slowum & White, of this city, and I feel that it has almost produced a perfect cure in myself and can cheerfully recommend it to others suffering from a similar discase.

ALBERT CLAYFOOL.

LANCASTER, O., December 20th, 1869. LANCASTER, O., December 20th, 1869.

Messra, F. E. Suire & Co., Cincinnati, O.
GENTLEBEN:—We have been selling your Wayne's Effxir of Bucha, Juniper and Acetate of Potash, and from what we hear of its use would state that it gives better satisfaction than any other article we sell in complaints of the Kidneys.

SLOCUM & WHITE,
